About CRSI

CRSI was established in 1999 as part of the 50th anniversary of the country's independence. Currently, the CRSI represents around 3000 lifetime members, who participate in the study, practice, teaching and promotion of chemistry. The main objectives of the CRSI are to recognize, promote and foster talent in chemistry and chemical sciences and to improve the quality of chemical education at all levels. The CRSI organizes conferences, seminars, workshops, symposia and other related programmes to facilitate and promote research in all branches of chemistry.

About Symposium:

On July 6-8, 2023, NIT Rourkela will host the 31st CRSI National Symposium in Chemistry (CRSI-NSC-31) and ACS Symposium Series in Chemistry under the auspices of the Chemical Research Society of India (CRSI). The organizing committee cordially invites you to this prestigious event. It will include medal lectures, poster presentations, as well as special lectures by eminent chemists from India and abroad. The National Symposium in Chemistry serves as a forum for scientists, teachers, and students in the country to discuss recent developments in chemical sciences. The event also aims to facilitate the exchange of ideas and provide a platform for collaborative endeavors in interdisciplinary fields.

Registration

Participants are required to register online and pay the registration fee through the online portal. Registration fees include full participation, conference kit, and lunch/dinner.

If a student becomes a Life Member of the CRSI after paying Rs. 5000.00 (discounted fee), his/her registration fee will be waived for CRSI-NSC-31.

The accommodation fee will be charged during the registration. More information regarding the accommodation and tariff is available on the symposium website (<https://www.crsi2023.nitrkl.ac.in>).

Invitation for Sponsorship

CRSI-NSC and CRSI-ACS Symposium Series in Chemistry have been the most popular and the biggest meetings in chemical sciences in India and provide the most ideal platform for the chemical and other companies to showcase their products, offers, and present their contributions in various research fields. The organizers are committed to giving this meeting wide publicity through the web, printed media and social media. The organizing committee is encouraging companies to be part of this meeting through their generous sponsorships. In fact, diverse schemes for sponsorships are available for this meeting.
